

INTEGRATED QUALITY, HEALTH & SAFETY AND ENVIRONMENTAL POLICY STATEMENT

Commitment

OFS is committed to the preservation of the integrity, success, and quality of our company, to the continual improvement, to the prevention of environmental damage, and to provide a safe working environment for its employees, contractors and suppliers. OFS commits to comply with relevant and applicable HSE legislation and regulations, and with all contractual customer requirements and expectations. In committing to these objectives, as enshrined in the relevant ISO Standards an OHSAS Specification, OFS's focus is deemed to be appropriate to the nature and scale of its business operations, the potential environmental impacts related to its activities, products and services, and to assessed occupational health and safety risks.

Accountability

OFS is accountable to its customers and to other interested parties.

Reliability

OFS is committed to the delivery and support of reliable products and services.

Empowerment

OFS empowers all employees to contribute to the culture of innovation, flexibility and continual improvement.
